

Independent Living Can Benefit Everyone

GREETINGS FROM THE INDEPENDENT
LIVING DEPARTMENT!

Hi everyone!

I'm Sheila Turner, the Independent Living Teacher here at the Edith Bishel Center. Some of you may have met me before either as former clients, or during one of our many social functions. I just wanted to say what a pleasure it has been to be part of this program for the past eight and a half years and what a privilege it is to work with everyone. The IL program provides many services to help in gaining and maintaining independence. Daily Living Skills training, Communications Skills training, Personal Adjustment counseling, Low Vision services, and Basic Orientation and Mobility training are available to persons with vision loss. It is a great way to continue to do the things you may have stopped doing. Some of you may have benefitted from our program before. If so, tell a friend or loved one and they too can return to independent living. Perhaps your own eyes have changed since we last met and you may need further independent living services. Don't hesitate to call (735-0699) and make an appointment with me. Even if you just have a few questions. I look forward to meeting you again.

Have a great spring!
